

Welcome to the Northwest Ladies Golf Association. Our organization is over 30 years old, and we have more than 150 members! The NLGA has leagues that play at various courses, offers many learning Clinics, and has over 13 outings a season. The league is mostly non-competitive, but when people join, they are added to the USGA GHIN system so a handicap can be established. The only time a handicap comes into play is when we have the Club Championship. Otherwise, we are just out playing!

Leagues start in May and some go into October. Members can join as many leagues as they like! There are links on the NLGA.net website to register. Every week emails are sent from the league captains to the registered members, and all you have to do is confirm if you are playing. Greens fees and cart fees are paid directly to the course when you check in at the pro shop.

Outings start in April and go to early October and there are over 14 outings per season. Most outings are for members only, but we do have a few where we are allowed to bring a guest. To join an outing, sign up through the NLGA.net site. Greens fees are paid upon registration; cart fees are paid at the course.

Clinics – NLGA collaborates with various instructors to set up Clinics for our members. Clinics are very popular with our members who want to work on their skills before the season starts. Clinics start in February and can go into July. Register on the NLGA.net site, payment is due upon registration.

Spring and Fall social events - These are events to kick off the season and to finish the season. There are two activities for each event – a golf round, and a social activity, i.e., lunch, breakfast etc..... These are fun for members as they get to meet other members that play in different leagues. Go to NLGA.net, payment due upon registration.

NLGA Facebook page – updates, pictures and information are provided here. The page is for NLGA members only, members need to request access to join via Facebook.

[NLGA.net](https://nlga.net) – This is where members go to see everything about NLGA and to sign up for those events.

HOME Page: Has all the main tabs on the header, multiple places to log in, or Join/Renew. The quick links at the bottom of the page have the annual calendars for Leagues, Clinics, and Outings.

MEMBER CENTER: Must be logged in to access this page and can use the different links to register for Outings, Leagues, and Clinics. There is also information about League Captains, the 2026 Board, Member Directory and Learning.

EVENTS/LEAGUES: This page contains in-depth details for each Outing, League and Clinic. Members can also register from this page but must be logged in to do so.
